Laurie,

Just wanted to take a minute to tell you that the food you prepared for the shower was wonderful!! Everyone raved about it. Your gal who set it up was very professional too and I couldn't have asked for better! Thank you again,

Alicia,

I wanted to send to you an informal thank you for the wonderful presentation and service yesterday at the Longacre house - for my daughter's Bridal Shower.

The food was exquisite and the service impeccable! You and your staff did a phenomenal job! The Tea-party theme was a hit and the guests really had high compliments on the food and service. Thank you!!

Hey Alicia,

We had a great time. Liz was a tremendous help; lots of guests complimented her on her service. The food was amazing. It was set out beautifully. I counted 64 guests, and hardly any morsels were left over. Even my huge cake was gone! We fed everyone a 2nd meal at 7, and everyone ate again. To my surprise, we have a few cases of beer left to drink; feel free to stop over and partake. We also have wine.

Hiring you guys was an additional expense, but well worth it (please don't raise your prices until after Adrienne graduates in 2 years); and I will look to you again in the future.

Reflecting on the party: I don't think I would have changed a thing. It appears that all efforts have paid off.

You have my sincerest recommendation; and people did ask, so I told them, "Gourmet Express!"

Thanks for your wonderful service, Alicia. I hope we run into you again soon. Your family rocks!!

Always,

-Margery

Hi Laurie

Just wanted to tell you the party went great. Hailey and Rob were wonderful. They were both as nice and helpful as can be. Many people commented on how attentive and hard working and nice they were. The food was great, too. Everyone especially loved the chicken and potatoes. It all just turned out perfect. Everyone was so impressed and I gave out your name to countless people. Hopefully you might get some new business. I'm feeling pretty relieved that it is over and happy that it went so well. Thanks again and thanks for all the extras and advice you provided.

Enjoy your summer,

-Jacki
